Departmental electives (≥10 credits)	A59151 History of Medicine[2] 1st A59156 Application of artificial intelligence in medical data processing and medical imaging[1] 1st	A59251 International Health Science [2] 1st A59252 Medical Humanities in Cinema [2] 2nd A59258 Rural Medical Practice Clerkship [2] 1st A59260 Hospital Services and Practices [2] 1st A59261 Medical Filmmaking [2] 1st	A59254 Life and Death [2] 2nd A59352 Gender, Culture, and Medical Society[2] 1st A59360 Neuroanatomy[1] 1st A59363 Clerkship in Health Infrastructure in rural areas(I) [1] 1st	A59462 Clerkship in Health Infrastructure in rural areas(II) [1] 1st	A59556 Hospice Care [1] 2nd	
Other electives	Independent Study courses offered by the Faculty of Medicine may be accepted as departmental electives for up to 1 credit.					
GE liberal arts education	GE liberal arts education: elective, 10 credits from “Humanities and Arts”, “Nature and Technology”, “Social Science”					

Credits required for graduation from the Department	231 credits
Note	1. Students are required to meet the requirements set by the Department for “English Proficiency” in addition to earning the required number of credits to be eligible for graduation. 2. Before graduation, students are required to take at least one required cornerstone course offered by another college. The credits earned from such courses may be recognized as part of the credits under the category of Liberal Arts Education, but only a maximum of four credits will be recognized accordingly. (For more details about required cornerstone course offered by different colleges, please refer to the announcement on the website of the Curriculum Section.) 3. Students must take at least 4 credits of practical elective courses from freshman to senior year. 4. Students must take at least one course in the field of "Medical Humanities" every academic year from freshman to senior year.
